caller rang to ask if we had managed to get access into the site. I explained access had be attempted but not yet successful we would be retrying. caller said you need to be quick because it must be 3 years now since they have lived there. The couple were living behind 3 Murrels Lane, where the Bards lived but they fell out when Bard went into prison & moved off the site to The Yard.

the caller said yes.

I advised we were rebooking an  
apt to visit and if need be will  
arrange to be accompanied by the  
police.
