

## **EXAMINATION OF THE ROCHFORD ALLOCATIONS SUBMISSION DOCUMENT**

### **INSPECTOR'S POST HEARING QUESTIONS FOR THE COUNCIL**

In the light of evidence given at the hearing session on 10 September 2013 I have two further questions of the Council. A response to these should be made by **Friday 20 September 2013**.

1. When discussing employment sites the Council commented that employment land would also be allocated as part of the London Southend Airport Joint Area Action Plan and that the total would exceed the 18ha referred to in Policy ED4 of the Core Strategy. Is the Council able to say anything more about the exact quantum of additional employment land likely to come forward within the area covered by Site NEL4?
2. Bearing that in mind does the Council have any observations to make about the implications if either Sites NEL1 or NEL2 were found unsound and deleted from the Document?

*David Smith*

INSPECTOR
