Subject: RE: Confirmation of agreement in principle to run new Traveller site in Rochford District

Dear Cllr Hudson,

Cllr Jowers has discussed the matter of running RDC's proposed municipal site at Michelin's Farm (the junction of the A127 with the A1245) with Cabinet member colleagues (this was important given that such a site could have implications across a number of service areas). Cllr Jowers has asked me to confirm to you that we agree in principle to managing the proposed municipal Traveller site in Rochford District. We look forward to learning more regarding the proposed site such as the specification (including management) and finances so that a business case can be developed to allow for formal commitment.

I copy Cllr Jowers and a number of officer colleagues in for information. I hope that this email is useful. If you require any further information at this stage, please do not hesitate to contact me.

Kind regards,

Gwyn.
