

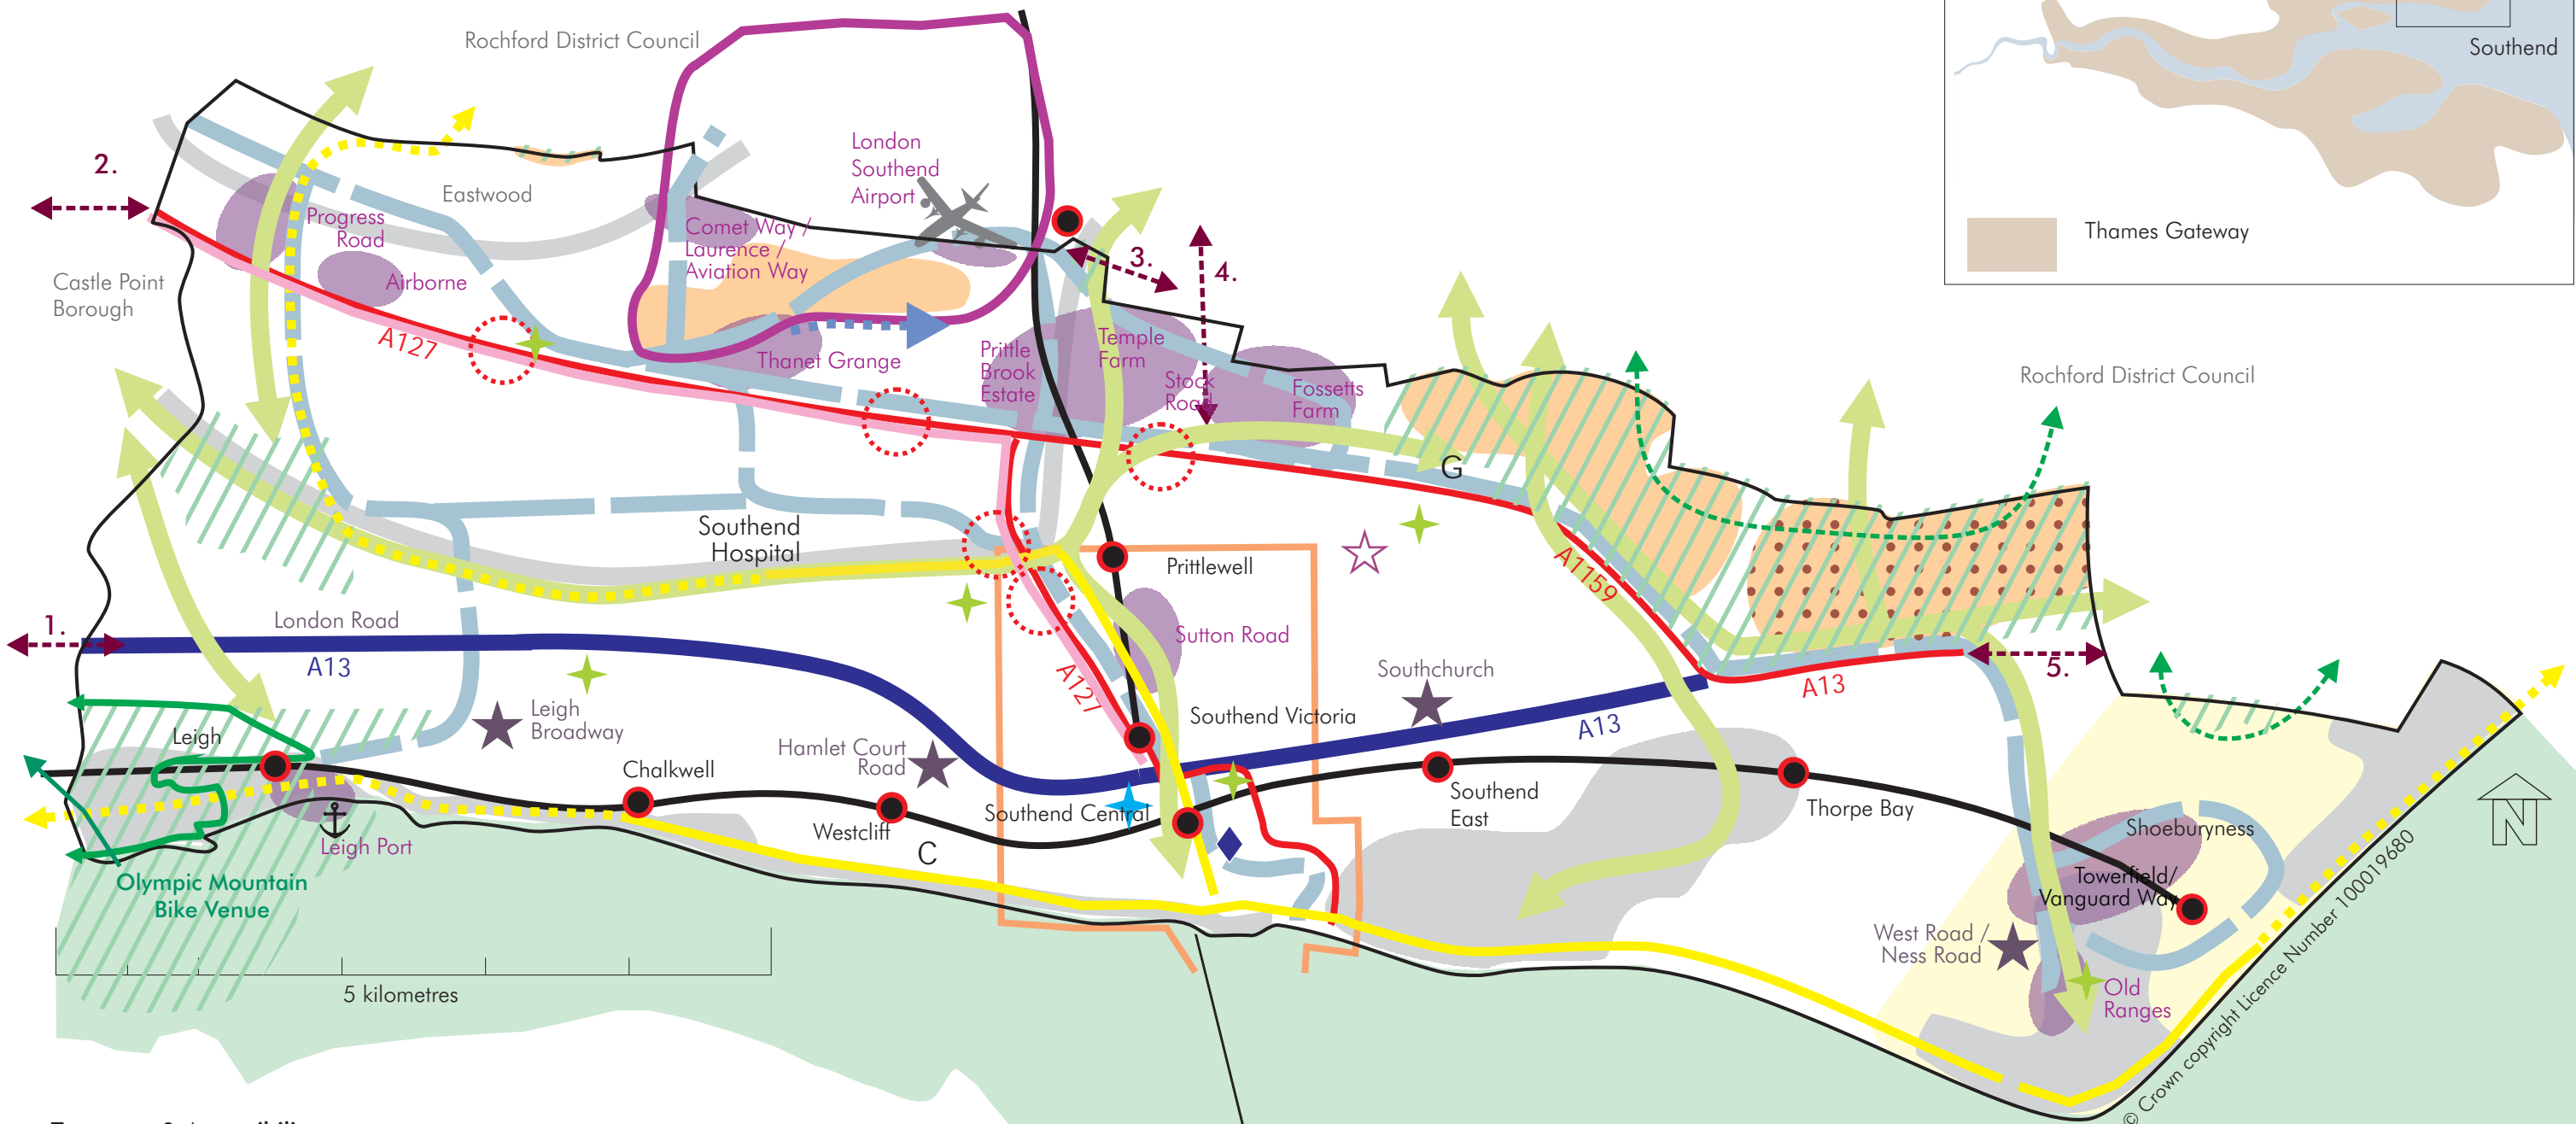

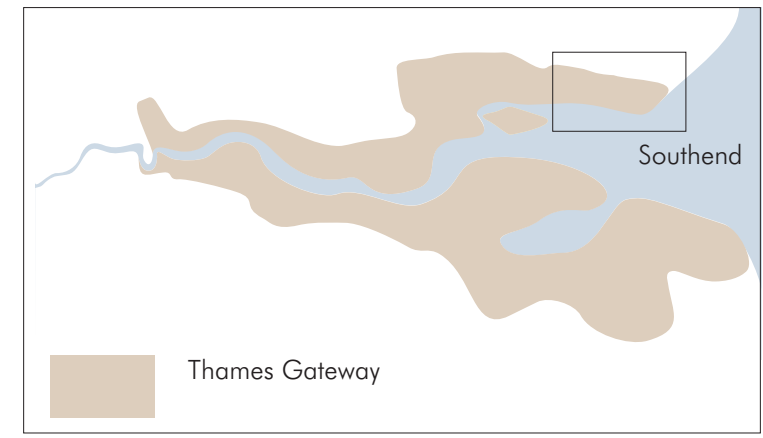

Diagram 3: Southend on Sea Transport Strategy - Key Diagram

Transport & Accessibility

Existing Provision

- A13 Passenger Transport Corridor
- Travel Centre
- Railway and Stations
- SUSTRANS Cycle Network

Proposed Provision

- Rapid Transit Network (bus / guided bus - linked to Passenger Transport Corridor - based principally on existing transport corridors)
- Proposed Southend Metro and Sustainable Station Hubs
- SUSTRANS Cycle Network
- Indicative Green Grid (Key Corridors - including Seafront)
- A127 Corridor
- Freight Corridor (A127 / A1159)
- Strategic Junction Improvements

Improved Surface Access

Cross boundary Accessibility Issues Includes;

- A13 Passenger Transport Corridor within South Essex
- A127 Corridor within South Essex
- East/ West Connection at Warners Bridge
- Improvements to Sutton Road and Rochford
- Shoeburyness

Spatial Strategy Key Growth & Regeneration Areas

- Southend Central Area
- Shoeburyness
- London Southend Airport & its Environs (inc. new railway station / interchange / terminal)

Priority Urban Areas

- a) The District Centres of Westcliff and Leigh, the Southchurch Road Shopping Area and the West Road / Ness Road Shopping Area of Shoebury
- b) Industrial / Employment Areas
- c) The Cluny Square Renewal Area
- Leigh Port
- University of Essex / South Essex College

The Environment & Urban Renaissance

- Greenbelt
- International and National Nature Conservation Designations
- Environment Agency Indicative Flood Zone 3 Areas

* The current indicative floodzone maps do not take account of existing flood defences - see also South Essex Strategic Flood Risk Assessment (SFRA)

Minerals & Soil Resources (Policy CP5)

- Best & Most Versatile Agricultural Land
- Brickearth Deposits

Key Community Infrastructure

- Proposed Primary Care Centres
- Garons Park (Sport & Leisure)
- Cliffs Pavilion (Theatre)
- The Pier (Entertainment)

Sport, Recreation & Green Space

- Hadleigh Castle Country Park
- Proposed Country Park (linked with land within Rochford District)
