

Kerry

In the EIP the Inspector asked for clarification of the route that we suggest the east-west road link should take. I responded that no specific route was yet drawn, but can confirm it is intended to follow the intentions of the attached plans:

- Submission version of the JAAP Proposals Map – this includes a spur on the new roundabout to the north of the St Laurence Park label;
- Preferred options version of the JAAP Proposals Map – arrow showing the safeguarded route across the open space (in the same location);
- Local Transport Plan Strategy Figure 5.2 – showing a proposed new road link east to west from north of Shoeburyness; and
- Diagram 3: Southend on Sea Transport Strategy (taken from LTP3) - Key Diagram – purple routes labelled 3 and 4.

Please do let me know if you or the Inspector have any queries.

Regards

Ian
